INSTRUCTIONS

In order to register a moped or all terrain vehicle, trailer, or to secure a new title for such a vehicle, the customer must submit a certificate of title. If unable to do so because the title is lost, unlawfully detained by someone who currently holds the title, or if the title is otherwise "not available", the customer may file this form with DMV instead. Efforts made by the applicant to obtain the certificate of title from the previous owner must also be documented.

DMV will review the customer's applications and affidavit submitted along with information concerning the circumstances of the case. If DMV determines that the customer is entitled to registration and or titling, it will register the vehicle and issue a new registration card, license plate(s) and a certificate of title.

Pursuant to Virginia Law, if the current certificate of title for a moped or all terrain vehicle is unavailable due to legitimate circumstances, to obtain a registration and or title applicants must complete and submit this form AND form VSA 17A, Application for Certificate of Title and Registration.
