COMMONWEALTH of VIRGINIA

DEPARTMENT OF TRANSPORTATION
1401 EAST BROAD STREET
RICHMOND, VA 23219

Charles A. Kilpatrick, P.E.
Commissioner

January 11, 2017

TO: Affected Agencies and Shippers/Carriers

SUBJECT: Waiver for Carriers Transporting essential emergency relief supplies or providing emergency restoration of infrastructure services – Winter Weather – Revision to Date (Year) in Document –

Based on National Weather Service forecasts projecting impacts from severe winter weather the Governor has declared a State of Emergency seeking relief for all carriers transporting essential emergency relief supplies, livestock or poultry, feed or other critical supplies for livestock or poultry, heating oil, motor fuels, and propane, or providing restoration of utilities (electricity, gas, telecommunications, water and wastewater) in and through areas of the Commonwealth in order to support disaster response and recovery to impacted areas.

As a result, the Virginia Department of Motor Vehicles authorizes a temporary waiver of registration and licensing requirements for carrier, and the Commissioner of Highways authorizes a temporary waiver of normal weight and width restrictions on Virginia roads for the express purpose of ensuring that emergency essential supplies and services reach impacted areas in timely manner.

This waiver is effective beginning 12AM January 7, 2017 until 12AM January 21, 2017 and includes an exemption, in coordination with the Virginia Department of Emergency Management, which activates the FMSCA Section 390.23 Relief of Regulations associated with hours of service. This waiver only pertains to statewide shippers and carriers directly associated with emergency relief / recovery efforts. Weight exemptions are not valid on interstate highways unless there is an associated federal emergency declaration.
