School Bus Safety Tips

- Enter and exit the bus in single file
- Use the handrail to avoid falls
- Wait until the bus comes to a complete stop before exiting the bus
- Avoid the “Danger Zone”, 10 feet directly in front of the bus, as the bus driver can not see in that area
- Remove loose drawstrings or ties on clothing and book bags as they can snag on bus handrails
- Always ask the bus driver for help if anything falls under the bus
