

# Driver Licensing And Identification Card Issuance ACTION/ISSUE STATEMENT

PRO-3

DMVACA

## Short Description:

Create an area on the DMV web site with information about the implementation process for HB1954 and SB1058

---

## Decision Issue:

How can DMV provide customers with a repository of information concerning the implementation process for legal presence?

---

## Impact and Challenges:

A web presence would enable customers to refer to a central point for comprehensive information about the legal presence requirement and its implementation.

---

## DMV Recommended Decision:

DMV recommends creating an area on its web site devoted to information about legal presence. Information would include news releases, a list of Panel members, the Panel's statement of purpose, Panel meeting minutes, a summary of Panel recommendations, policy statements as they are developed, a list of documents for showing legal presence, a link to the legislation and a link to an email form so that the public can submit comments while they visit the web site.
